

SIDNEY AND ISLANDS REVIEW

Vol. 11, No. 25.

SIDNEY, B. C., THURSDAY, MAY 30, 1918.

\$1.00 Per Year.

LARGE CROWDS ENJOY HOLIDAY

Many Visitors from Victoria and Surrounding Country Participate in Sidney's Festivities.

A record crowd turned out on Victoria Day to enjoy the beautiful weather and the splendid programme of sports and amusements prepared by the Athletic Association and the North Saanich Women's Institute.

The grounds where the celebration was held are centrally located and splendidly adapted for such occasions, being the old Athletic Club grounds, but recently occupied by Mr. and Mrs. Crossley, who kindly donated them to the public for that day free of charge, and also volunteered their services in decorating and beautifying the place.

The parade left the Hotel Sidney about 12:30 o'clock, proceeding immediately to the grounds, the first act upon arrival at the grounds being the crowning of the May Queen, Miss Kathleen Robertson, by the retiring queen, Miss Margaret Cochran, accompanied by the Queen's attendants, Miss Bessie Nelson, Miss Katie Logan, Miss Elizabeth Crooks, Miss Edith Whiting, Miss Edna Parkes, Miss Pattie Simister and Miss Grace Simister. The ceremony took place in a beautifully decorated dais arranged by Mr. Crossley on the grounds, and was witnessed by a large and interested crowd of friends.

Each of the girls attending the May Queen was the recipient of a beautiful present for the interest they had taken in the "Most Popular Girl" contest, and the May Queen was presented with a magnificent French ivory toilet set.

One of the pleasing sights of the day was to see so many little children enjoying themselves romping through the fields. Refreshments were served during the afternoon, and a thoroughly enjoyable day was spent.

The sports started off with a football game between Sidney A. A. and Kuper Island.

Children's races were held and the officials are to be complimented on the satisfactory way in which they handled their part of the amusement.

Following is a list of the winners of the children's races:

Girls, under 5 years, Mary McDonald.
Boys, 5 years under, 1st, Moran Brethour; 2nd, Christopher Wright.

Girls under 6 years, 1st, Barbara Parkes; 2nd, Margaret Connor.

Boys, under 6 years, 1st, Hughie Wylie; 2nd, Gordon Douglas.

Girls, 8 years and under, Kathleen Watts.

Boys, 8 years and under, Bertie Ward.

Girls, 10 years and under, Lydia Lustig.

Boys, 10 years and under, dead heat, Herbert Wylie and Leonard Bradbury.

Girls, 12 years and under, Hilda Taylor.

Boys, 12 years and under, R. Davies.

Girls, 15 years and under, May Lophelne.

Boys, 15 years and under, Richard Thorne.

Victoria Day Sports

Perfect weather, a large and enthusiastic crowd and the Kuper Island Band were the chief features at the most attractive day in the annals of Sidney outdoor history. The day was ideal and the crowd was the largest ever assembled in Sidney, and from the start of the procession right after dinner to the finish of the dance early Saturday morning things were kept on the move, and the spectators were never wanting some amusement.

Football Game.

The sports started off with a football game between Sidney and the Kuper Island team, and after a very keen struggle Sidney was the winner by a score of 1 to 0, though it was anybody's game right up to the last minute. The Kuper Island boys, though much lighter in weight than their rivals, played a good strong clean game, and showed that they knew the fine points thoroughly. They are very anxious to have the Sidney club send their team up to Kuper Island for a return game. Sergt. Bowcott, who is home from the other side on a short leave, refereed the game in a fair, impartial manner.

The teams were as follows:

Sidney (1)	Kuper Island (0)
B. Thomas.....	Goal
Petterson.....	Backs
	Eddie George
	George Promas

Johnny Sam.....	Gaspar Joe
Booth.....	Halfbacks
M. McClure.....	Gus Charles
McFee.....	Belly Jimmy
	Richard Thorne
	Forwards
M. Pelky.....	Robt. Point
Robbie Daniels.....	Robt. George
W. Cowell.....	Alfred Jimmy
Joplin.....	Albert Pelky
Welburn.....	Davy Louis
	Linesmen
W. Sheppard.....	Philip Guerin

The Sidney team showed up as a team of players who only need to know more of each others play to become a strong team.

Right after the finish the Sports Committee, Messrs. F. North, starter; Mr. Whiting, Revs. Letts and Stephenson, judges, and Messrs. Blackburn, Harvey, Ward, Tester and Roberts, got the children's races under way, and Mrs. S. Roberts, on behalf of the North Saanich Women's Institute, presented the winners with the prizes.

After the children's sports were finished a game of baseball was played between the Sidney nine, headed by Capt. Johnson Bob, and a team picked up from Kuper Island and from Sidney and Resthaven, captained by B. Thomas, the regular Resthaven club, owing to so many being away or leave, being unable to field a team. However, a fairly good team was fielded in opposition to the regular Sidney nine and a good seven-inning game was played, the winners, Sidney, outplaying the others to the tune of 10 to 3.

As soon as this game was over the lacrosse teams took the field in the following positions:

James Island (3)	Sidney (2)
	Goal
Ledingham.....	Humphrey
	Point
Graham.....	Bert Johnson
	Cover
Thornton.....	Tester
	First defence
Cauldicot.....	Burton
	Second defence
Mooney.....	Matthews
	Third defence
D. Robertson.....	Daniels
	Centre
R. Robertson.....	Thomas
	Third home
Popham.....	Johnson Bob
	Second home
Bryon Robertson.....	McPhee
	First home
L. Daine.....	Patterson
	Outside
Shanley.....	M. McClure
	Inside
Brown.....	Boots McClure

Mr. Ed. Blackburn made a square and efficient referee and kept the players in check during the game, and kept it from getting too rough, a tendency to rough it showing itself from some players of both teams.

The James Island bunch started out with a rush and scored their first goal before Sidney got nicely set, and followed it later in the same quarter with another score. Sidney failed to tally in the first, but got two in the second and evened the score, and in the next sagged the nets for another, but the goal umpire refused to put up his hand, claiming it only touched the top bar. The play was fairly even until near the finish, when James Island in a scrimmage netted their third and last one, and though Sidney tried hard they were unable to even the score. The outcome was a surprise to the winners, losers and spectators, who had no idea James Island could field such a fast aggregation of stick handlers. A return game will be played at James Island shortly, when Sidney hope to wipe out their defeat.

As far as the game itself is concerned, it was close and exciting, and if the applause of the crowd present is any indication, then lacrosse, in spite of many handicaps and reverses due to mismanagement and mean and scrappy players, is winning for itself a splendid place in the athletic future, and there is no doubt that it will be placed once again where it belongs, as one of the best athletic sports on the calendar.

"Oh, that umpire!" Who was he?

The Kuper Island Band

Without in any way reflecting on other items on Friday's programme, the fact stands out that the Kuper Island Band was the "piece de resistance" of the day. From their landing just before noon on Friday (all their departure on Saturday morning the personnel of the band was always in evidence. The fifteen boys, who were under the direction of Rev. Fr. DeWeert, and who were assisted by Mr. Welcher, made a hit with the public from the first. It is an old and true saying that a band always attracts a crowd, and in this case a crowd certainly was attracted, both to the grounds

during the afternoon and to the band concert and dance at night. Two things stood out prominently, the band's willingness to play at any time requested and the Kuper Island boys' sportsmanship in the football match and in the other sports that some of the boys took part in. When the ball team from Resthaven was unable to appear owing to so many of the boys being on leave and the committee in order not to disappoint the audience picked up a team to play the local nine some of the boys from Kuper at once volunteered, were accepted and made good in their positions. They gave the public the impression that they were a clean active bunch of athletes who with practice could place a good team in the field for competition in nearly any form of athletics. Some of the spectators passed the opinion that a good lacrosse team could be fielded from those boys and many expressed the hope that the Canadian national game would find itself on Kuper Island Athletic field. At the band concert at night "though through the late hour that the lacrosse game was finished" was not opened till after 9 o'clock, the band again gave a fine rendering of many marches, waltzes and patriotic airs that brought down the house. Two of their boys showed that they had talents in other lines, Bandsman George Thomas singing "A Little Bit of Heaven" in a manner that merited and won applause and request for an encore, and Wilfrid Daniel gave "Boys' Rights," a recitation that made a hit with the juveniles of Sidney, and their parents and elders.

After the regular programme was gone through the band very kindly played for several dances and then retired for a short while for luncheon, after which they played several more selections for the dance, finally leaving the hall at 11:30 p. m. Saturday morning they regaled an impromptu audience with several selections before boarding their launch on their return trip to Kuper Island.

The Dance on Friday, May 24th

Immediately after the band concert on Friday night the hall was cleared for dancing, which was kept up till 1:30 a. m. The usual one, two and three steps, fox trots, waltzes, scottiches, etc., were given, the band playing several of those, while Mrs. Whiting provided the music for most of the remainder, though Mr. Parsons, of James Island, very kindly volunteered his services for several dances. In every way the dance, like the rest of the day's programme, was a decided success.

ST. PAUL'S PRESBYTERIAN CHURCH.

Sunday, June 2.
Sunday School—2:30 p. m.
Be loyal and true.
Evening Service—7:30 p. m.
Rev. F. Letts—Minister.

ANGLICAN SERVICES

First Sunday after Trinity
11 a. m.—Morning Prayer at Holy Trinity.
3 p. m.—Evening Prayer at the Church Hall.
7 p. m.—Evening Prayer at St. Andrew's.
The early morning service of Holy Communion will be omitted at St. Andrew's.
The Bishop of Columbia will conduct the services.

METHODIST CHURCH.

Services as follows:
Wesley Church, Sidney, 11 a. m.; Sunday School, 10 a. m.
North Saanich, 7:30 p. m.; Sunday School, 2:30 p. m.

RED CROSS RECEIPTS.

The honorary secretary-treasurer of the Sidney and District Branch of the Red Cross acknowledges the following with thanks:

North Saanich Woman's Institute, donation.....	\$200 00
Rev. and Mrs. Des Barres, monthly.....	4 00
Mrs. Mathews, donation.....	10 00

Red Cross Raffle of Lot at Deep Cove.
The raffle for the acre lot at Deep Cove is now in full swing and tickets are being bought up very satisfactorily. This is one of the best chances of getting a valuable property that has been offered for some time, and it is hoped that every one will jump at this opportunity of helping to swell the Red Cross funds. Buy as many tickets as you can. An acre of choice property for twenty-five cents is pretty cheap.

Enjoyable Birthday Party

A very enjoyable birthday party was given by Mr. and Mrs. Crossley at their home on Third Street on Wednesday afternoon, May 29, it being the occasion of their little daughter Adeline's ninth birthday. About 20 little girl friends were invited to help celebrate the event.

BOARD OF TRADE MEETING

The meeting of the Board of Trade held on Tuesday evening last, was not lacking in interest and a considerable amount of business was transacted as well as a large volume of correspondence disposed of. An interesting event of the evening was the introduction by the president of Mr. W. F. W. Copeman as a new member. In his reply Mr. Copeman not only expressed his pleasure in being back again in Sidney, but also becomes a member of the Board, as he recognized the many advantages and importance to Sidney of the work done. In his remarks which were listened to with marked attention, he gave some very interesting details of the work of the construction of aeroplanes in the Old Country, with which he had been associated during the past four years, he was able to explain not only the great advance made in construction, but the very much improved carrying capacity.

Among the correspondence received was a communication from the Board of Railway Commissioners, announcing that a session would be held in Victoria on June 4th, the questions of the car shortage and terminal rates for Sidney will be based. Secretary W. H. Davies was appointed to represent the Board, and Messrs. C. C. Cochran, G. H. Walton, R. W. Mayhew and McDonald Fahey will give evidence as to how each of the industries they represent are effected.

A long communication was received from the Victoria Board of Trade in reference to the suggested amalgamation of the Islands Board, the matter was fully considered and left with the president and secretary to make reply. Secretary Davies gave a long report of the meeting of the Central Iron Committee held in Victoria on Monday last, of which he and Mr. J. J. White are members.

The results so far achieved by this committee are most satisfactory. Mr. Nield the chairman, gave a very full outline of his four weeks at Ottawa, this was further supplemented by Mr. Bledsoe, who remained behind for the final meeting with the Cabinet. The Dominion Government decision was that they have undertaken to buy the entire output of pig iron, and the Provincial Government offers a bounty of \$3 per ton. The members of the Board are arranging on Monday week to mulch the trees planted on Beacon Avenue. Messrs. Harvey & Blackburn have given a load of straw manure, and with some more straw or litter this will give adequate protection to the trees during the hot summer months.

The matter of the need of an express office for Sidney was again taken up and an effort will be made to have one established here.

Meetings of the Board are suspended till the first Tuesday in October, the Council empowering the officers to deal with any business that arises unless of an urgent character, when a special meeting will be called.

LAST DANCE OF SEASON

There was an excellent attendance at the Berquist Hall last night for the final Wednesday evening dance. The proceeds of the last three dances, after paying expenses, have been equally divided between the Red Cross Society and the Sidney Street Lighting Fund, and the sum of seven dollars and twenty-five cents (\$7.25) has been handed over to each of the treasurers of the above mentioned funds.

Miss Eva Hart in Musical Comedy
The many Sidney friends of Miss Eva Hart will be interested in the following taken from The Victoria Times in reference to her appearing in that city in the musical comedy, "The King of the Cannibal Isles."

Miss Eva Hart, who made such a hit in "The Mandarin," will play the leading lady in the role of Terrissa, a dainty soubrette. This part gives Miss Hart ample scope for her artistry both as a singer and dancer, and, as she is always a favorite with Victoria audiences, Mr. Hinks is to be congratulated upon having secured her services.

BAR TO D. S. O. WON BY
COL. WILLIAM W. FOSTER

In the May 4 number of the Canada Gazette the award of the D. S. O. to Lieut.-Col. William Wasbrough Foster, D. S. O., is recorded. Col. Foster left Victoria with the 2nd C. M. R., and subsequently became brigade bombing officer, but about a year ago he was given command of the 62nd Winnipeg Battalion, with which he has continued to show that fine soldierly spirit which has made his record from the beginning one of which his fellow citizens are justly proud.

THE ENEMY'S LATEST OFFENSIVE

Although there is no use trying to deny
the fact that the enemy has made impor-
tant gains on the Western Front in the
latest offensive movement, still the Kaiser
is far from gaining his objective in this
undertaking.

French reserves are being brought up
to the battlefield in ever increasing num-
bers, but it is not clear these have yet
been employed in retarding the advance,
although they are spoken of as being de-
feated in the German communiqué. War,
as conducted by General Foch, must not be
confused with the practices employed by
other generals who have figured on the
Western front. There are those who re-
gard the loss of territory and guns as of
vital importance but we doubt if such hap-
penings figure very much in the mind
of a master tactician like the Allied gen-
eralissimo. He will refuse to fight any
but delaying actions until he reaches his
own chosen battlefield. By this we do not
mean to say the Allies are retreating vol-
untarily. They are being forced back by
the enemy's tremendous pressure but the
time to make their stand will come when
they reach the line where the reserves have
been massed and where sufficient artillery
has been assembled to break the force of
the German offensive. In this war an army
retreating must perforce lose large quan-
tities of guns and ammunition. Before it
can recover itself sufficiently to fight back
with such strength as will stay the on-
slaught it must have reached prepared
lines. General Foch would never consider
civilian susceptibilities in laying his plans.
He would not hesitate for a moment to
yield grounds, and perhaps it will be found
in the long run he is exhibiting greater
generalship than any of his predecessors
on the Western front.

Although, if they reach Chateau Thierry,
the Germans will be nearer Paris than they
have been at any time since they were
driven back on the Aisne in September,
1914, there is not a shadow of reason for
uneasiness. The conditions now are vastly
different to what they were when the first
great onslaught in France was made. The
French capital shows no signs of pertur-
bation. London is deeply interested but
not unduly moved by the new menace, for
it is held the unity of command may be
the very reason why ground so hardily won
is being yielded without that indomitable
resistance which has confronted previous
offensives made by the enemy. The peo-
ple of France and Britain have faith in
General Foch and in their armies. They
know the possibilities of the Germans suc-
ceeding in their new offensive are less than
those attending the still greater attack
with Amiens as the objective. It is not
the first time General Foch has had equally
grave responsibilities, and in the past he
has always risen to the height of every
emergency. By the week-end we shall
know the limits of the present German
advance, and learn if the Allies intend to
make their stand along the banks of the
Marne.

Lists of Crown Lands

In view of the rapid exhaustion during
recent years of available Crown Lands in
close proximity to the railways, a shortage
which has been accentuated by the reser-
vation in the interests of soldier settle-
ment, the desire on the part of prospective
settlers to procure land within reasonable
distance of a line of transportation has
suggested to the Department of the In-
terior the listing of the names and ad-
dresses of the owners of those quarter-
sections of unoccupied and non-producing
lands which are lying dormant so far as
agricultural production is concerned, the

presumption being that in a number of
cases the owners would be interested from
either a financial or patriotic point of view
in offers on the part of prospective settlers
to purchase or lease their holdings.

The vital necessity for increasing the
acreage under crop makes it essential that
assistance be rendered by all agencies that
might be instrumental in assisting the
"back to the land" movement. Now that
the truth of the somewhat crude expres-
sion attributed to Napoleon that "an army
travels upon its stomach" is being empha-
sized more and more as the "Great War"
progresses, no better argument could pos-
sibly be advanced as to the imperative
need for increasing our production, which
of course entails an immediate increase in
the acreage under crop.

The lists are available for distribution
covering the various land districts
throughout the Provinces of Manitoba and
Saskatchewan, those for Alberta to follow
at an early date. Applicants should state
the district in which they are interested
when making application to the Natural
Resources Intelligence Branch of the De-
partment of the Interior at Ottawa.

NORTH SAANICH WOMEN'S INSTITUTE

At a special meeting of the North
Saanich Women's Institute, Tuesday after-
noon, it was found that when expenses
were defrayed from the proceeds of the
"Popular Girl Concert" and the afternoon
of the 24th of May, the sum of \$500 was at
the disposal of the Institute for war funds
and the following donations were voted:
Local Red Cross, \$200; Blue Cross,
\$100; Navy League, for the purpose of
providing for deceased sailors' families for
which no general government fund exists
so far as is known, \$100; Prisoners of
War, \$75; and \$25 for a fund to be in-
vestigated by deputation to benefit the
boys at Resthaven Convalescent Hospital.

Arrangements have commenced for the
Annual Flower Show established by the
Institute, which will take place in the af-
ternoon and evening of July 1st, details to
be announced later.

FOR SALE.—Timothy and clover hav-
ing twenty-eight dollars per ton delivered.

AYRSHIRES, JERSEYS, SHORTHORNS AT THE UNIVERSITY OF B. C.

Department of Animal Husbandry Has
Been Assembling Stock of Excellent
Type for Its Dairy and Beef
Herds

The herds and flocks of the University must serve various functions. The stock must be used to a large extent for instructional purposes. The regular four-year students, the men in the short courses and the men in the courses for returned soldiers must be taught correctly the characteristics of the various types and breeds of horses, cattle, sheep and swine, and to judge and select discriminately. Consequently it is essential that the University establish and maintain breeding herds of dairy and beef cattle, of draft horses, of sheep and swine, and these herds must be superior in order that the right ideals of these classes of animals be presented to the men taking the work. These animals must be used for investigational work in breeding, feeding, care and management. In addition to these functions, the University herd should serve as a very valuable source of breeding stock to the breeders of the Province.

It will take a good many years to provide the University with the equipment in live stock necessary for thoroughly efficient laboratory work for the students; nevertheless, already a good beginning has been made. The University has now at Point Grey, Vancouver, a herd of six pure bred Jerseys and seven pure bred Shorthorns, exclusive of four young calves. These have been collected with a great deal of care. Recognizing the fact that there is a number of breeders of the highest reputation in the Province possessing herds of great excellence, and further appreciating the truth that more has been done to eradicate tuberculosis in British Columbia than in any other part of Canada, it seemed highly desirable to the Department of Animal Husbandry that if possible the female stock be obtained from within the Province. Concretely, this meant that the best breeders of the Province be asked to part with their best females in order that the University herd be started properly. The work has been well begun, but is not yet completed. A number of the best breeders of Jerseys and Ayrshires were visited and their co-operation obtained. As a result the University possesses animals of unquestioned merit both from the standpoint of type and production. In these breeds. In the Ayrshire herd is Springhill White Beauty with an Advance Registry record of 12,500 pounds milk, 557.9 pounds fat, as a 3-year-old, which for several years was the Canadian 2-year-old record. This is a cow of splendid size, great depth of chest and barrel, beautiful udder and beautiful form. She would be an outstanding cow in any herd in America today. This cow was obtained from F. A. Wells, Sardis, B. C. From the same herd came also Evergreen Maid of Beauty 2nd—43872—a 3-year-old heifer that gives great promise. Just as outstanding a cow is Jessie's Queen—24001—obtained from Mr. Joseph Thompson, Sardis, B. C. This is a cow of great beauty, style and refinement. As a 2-year-old she made 6,128 pounds of milk and 271 pounds of fat. She had the distinction of standing second in her class at the Dominion Exhibition in New Westminster a few years ago and at that time standing above the cow that later was grand champion at the World's Fair in San Francisco. Two cows and a bull were obtained from the Grandview herd of Shannon Bros., Cloverdale. Of these Grandview Grace—42226—has a record of 8,932 pounds milk and 382 pounds fat as a 2-year-old. She is a daughter of Springhill Live Wire, which makes her a half-sister to Rose of Grandview, the champion Ayrshire cow of Canada. With her came Grandview, the champion Ayrshire cow of Canada. With her came Grandview Polly—53151—that is just 3 years old and combines the blood of Victor Hugo and Springhill Live Wire, two of the best bulls of the Ayrshire breed.

At the head of this select Ayrshire herd is the imported auro bull Lessnessock Comet—30586—which for several years has been senior sire in the Shannon Bros. herd and where his get are promising exceedingly well. He is a bull of splendid size, style, vigor and Ayrshire character.

The Jersey herd was begun by the purchase of Brampton Lady Vancouver—5745—a cow that has never been tested officially but that possesses a great deal of merit. She was obtained from W. D. S. Rorison of Vancouver. Probably the most distinguished Jersey in the herd is Violet of Avelreag—3905, bred by and purchased from E. H. Barton, Chilliwack, B. C. This heifer holds the 3-year-old record for Canada, having produced 12,800 pounds of milk and 556 pounds fat, and was one of the choicest things in Mr. Barton's select herd. Lady Jane Champion—3490—was obtained from A. H. Menzies & Son, Pender Island, B. C. She has just completed her 4-year-old record, producing 10,247 pounds milk and 520 pounds fat. She is a cow of splendid size and dairy capacity with an udder of rare quality. She is a daughter of Two George, one of the great sires of British Columbia Jerseys. Her dam is Buff's Lassie, that for both show and production has a splendid record in this Province. Lilly's Forget-Me-Not—1284—was obtained from Grimmer Bros., Pender Island, B. C. As a 3-year-old she made 466 pounds of fat, as a 4-year-old she made 497 pounds of fat, as a 5-year-old, 547 pounds of fat and as a 6-year-old over 10,000 pounds of milk and over 550 pounds of fat. Besides this wonderfully good production she is a cow of rare type,

size and quality and she is known for her show-yard winnings at Victoria and Vancouver exhibitions. From a purely type standpoint none of the Jerseys excel Oak Park Venus, obtained from Mr. Willett, Duncan, B. C. She is just 3 years old and is a model of Jersey beauty throughout. She is by Interested Violet's Oxford, a Moose Hill Farm bull, owned by Mr. Corfield at Corfield, B. C.

To head this Jersey herd the University has purchased Temisia's Owl's Rogue from R. A. Sibley, Moose Hill Farm, Spencer, Mass. He is by Oxford Lad's Progress and out of Temisia's Owl's Rose 2nd that has a 3-year-old record of performance test of 544 pounds butter, which record was made in about eight months, at which time the heifer met with a serious accident which nearly ended her life. The mother of this young bull is out of Temisia's Owl's Rose that in 26 months made 2,005 pounds of butter, and is by Owl's Temisia's Owl, whose dam made 1,029 pounds of butter in a year and was milked only twice a day. This bull is about 2 years old. He is a line bred Springfield Owl bull and represents the results of 30 years of constructive work by one of the best Jersey breeders in America. He is a bull of splendid size and show type. He should be of great benefit to the Jersey industry of the Province when one considers the group of females on which he will be used.

The Department of Animal Husbandry has greatly appreciated the generosity of the breeders and their co-operation. Not only have they allowed almost free choice from their herds, but they have sold these good females at very reasonable prices and this fine spirit of co-operation deserves recognition.

At the present time these cattle are housed in most temporary quarters, but a thoroughly modern dairy barn is under construction and in another year it will be possible to give these cows the opportunity they deserve.

The Shorthorn herd was brought from Ontario last December. Those readers who have followed the record of auction sale prices for Shorthorns can fully understand the difficulties facing a man who tries just now to get a superior group of Shorthorns at a moderate cost. Nevertheless, a very fair group of these cattle have found their new home at British Columbia's University. These are headed by the white bull Rosebud Prince, a son of Lavender Sultan out of Moss Rose, a daughter of Scottish Hero—50090. Lavender Sultan is of Whitehall Sultan breeding and sired the grand champion steer at the 1917 International Show. Two straight Scotch-bred heifers are in the group; one a roan, Lancaster Rose 13th, sired by Sittvton Favorite—89610—is a very trim, attractive heifer; the other, a red, Mavis Buttercup—122867—is by Blarney Stone—86798—out of a Ben Wyvis cow. The other females are deep thick thrifty Scotch topped Canadian bred animals whose individuality is a sufficient certificate of merit. It is hoped as time passes to add to those foundation groups of cattle.

CANADA FOOD BOARD

Order No. 40

Whereas to require farmers at present to return any surplus flour as directed in Order of the Canada Food Board number 31 may incur loss of time and interfere with productions.

In exercise of the powers conferred upon it by Orders of His Excellency, the Governor General in Council, dated the 12th day of March, 1918, P. C. 596 and P. C. 597, and of all other powers enabling it in that behalf, the Canada Food Board hereby orders as follows:

Section 1 of Order number 31 of the Canada Food Board dated the 25th day of April, 1918, is amended by adding the following sub-sections:

(c) A bona fide farmer shall be permitted to hold, subject to the order of the Canada Food Board, the amount of flour, made wholly or in part from wheat, he may have in his possession in excess of the amount prescribed by the above order if, on or before the 15th day of June, 1918, he reports to the miller or dealer from whom it was purchased or by whom it was manufactured, the excess amount held by him. It shall then be the duty of such miller or dealer to report all such holdings to the Canada Food Board on forms to be supplied and at such times as he is directed.

(d) Any person holding or having in his possession not more than 25 pounds of flour made wholly or in part from wheat, or who holds or has in his possession at the date hereof part only of one original package in which such flour was purchased, though the amount exceed 25 pounds, shall be permitted to hold the same.

Dated at Ottawa this 17th day of May, 1918.

HENRY B. THOMSON,
Chairman, Canada Food Board.

Her One Fault

Mayor Mitchell, of New York, who is now in the U. S. Flying Service, recently said at a dinner:

"President Wilson's war policies are so excellent that, even when fault is found with them, the fault always turns out to be a virtue."

"It's like the case of the hen. The prospective buyer of the hen said to the prospective seller:

"Is she a perfect bird? Has she got no faults at all?"

"Well," said the prospective seller, "I won't deceive you, ma'am. One fault she has. She will lay on the Sabbath."

the paint protected town

THE finest town buildings soon get to look "dingy" if they are not kept painted.

Worse still, the omission of the Spring painting leaves them open to weather-attack and time's decay.

And—with materials so high as to make every building worth double today what it was worth in 1913—you are making a mistake if you let a building "go to seed."

Have your town a "model" town—have it fresh with paint—have it protected with a paint that affords real protection—

B-H "ENGLISH" PAINT

70% Pure White Lead
(Brandram's Genuine B.B.)
30% Pure White Zinc
100% Pure Paint

If this paint were sold at a price half as high again as any other (which it isn't) it would still be the economical paint to use on your house. In sheer covering capacity it has no equal. A gallon of it goes so far that you'll buy less of it and yet do more with it. Paint with B-H "ENGLISH" PAINT this spring—and your house is protected for years, where a coat of ordinary paint will last but a few months.

The difference lies in the above formula basis. What other paint is so correct in this respect that its makers guarantee it? What paint can a dealer furnish you that has anything like the quantity of white lead in it that has B-H "English"?

This was the formula when lead was lower in price—this is the formula still; even though lead is extremely high in price. It HAS to be the B-H formula; because the guarantee that calls for it, is printed right on the B-H cans. We could not cheapen B-H "English" Paint even if we wanted to. So it's your safe paint as to quality, your sure paint as to covering capacity, your dependable paint as to durability. Find the B-H dealer in your town. He's the man to buy from.

Other B-H Products of Sterling Worth

We carry and recommend the following B-H products:

MONTREAL HALIFAX ST. JOHN TORONTO WINNIPEG CALGARY EDMONTON VANCOUVER

"THEY SHALL NOT PASS!"

Be calm, ye doubting populace,
Take heart and do not fret,
Long, sanguinary years they've tried
And they've not passed us yet.
'Twas only "Kitchener's Mob" that stemmed
That hell of steel and gas—
And yet with all the tools of hell
They did not pass.

Since then our armies have grown strong
In men, in heart and might.
Our Cause is just; tradition tells
That Victory serves those who are Right
'Tis God's own Cause they're fighting now,
They fall from their own gas,
And we can beat the Tools of Hell—
"They shall not pass!"

J. C.

The Price of Patriotism

"How long," asks the inquisitive subscriber of Wharton, "must one wear his old clothes in order to help win the war?" It all depends upon where one lives and his environment. Personally our rule is to wear them until the policeman tells us that we must either wear a linen duster, get our pants patched or stay at home.

LOCAL AND VICINITY

Mr. and Mrs. Fred Rowland of Victoria were recent visitors in Sidney.

Mr. Bert Readings spent the holiday at his home in Sidney, returning to Vancouver last Monday.

Mrs. and Miss Scott, Salt Spring Island, were visitors to Sidney during the holiday. They returned to their Island home on Monday by the S.S. Otter.

Mr. Charles N. Maywood, representing the Heintzman Piano Company of Victoria, was in Sidney on business during the week and paid the Review Office a visit.

Misses A. and R. Nunn of Vancouver were visitors to Sidney during the holiday. They returned to their Mainland home on Monday last.

Mr. Reg Reading, who has been in charge of the motor delivery of the Sidney Trading Co. during the past few months, is leaving this week to join one of His Majesty's forces. Our readers will join with us in our best wishes.

Mr. and Mrs. George Mellor of Victoria were among the visitors to Sidney to help celebrate Victoria Day. They have a cottage near Deep Cove, where they spend their week-ends.

A sample of Early Rose potatoes was brought to The Review office to-day, the first we have seen this season. The potatoes were grown in Capt. Adamson's garden, Sidney, and were larger than good sized hen's eggs.

Ex-Flight Sub-Lieut. C. A. Maywood of the Royal Naval Air Service, who served for two years in England and France and who on several occasions flew over the Rhine (now retired, due to shell shock, and resident in Vancouver, B. C.), spent the holiday and week-end with his parents, Mr. and Mrs. C. N. Maywood, of 1075 Verrender Avenue, Victoria.

Lieut. Kenneth Skeene of the Royal Flying Corps is home on a month's furlough from Toronto on a visit to his parents, Mr. and Mrs. J. L. Skeene of Sidney Island. Lieut. Skeene was with the Toronto de-

tachment that was sent to do their winter training in Texas, and speaks very highly of the treatment accorded the boys by the Texans. Lieut. Skeene looks well and likes the "high stuff."

Capt. George Robertson, superintendent of Dominion Marine Fisheries Department, with the members of the pilotage commission, who have been holding sittings in Victoria, came out to Sidney on Wednesday by motor to take the government loans from Sidney to Nanaimo, where they are holding further sittings.

Cultivate the Potato.

Cultivate and keep it up all the time. It is not too late to plant more potatoes. Some of the best potatoes grown in North Saanich last year were planted in June. The potato is a valuable food product. The utility of potatoes, now that nearly everyone is growing them, should be more generally recognized and appreciated. Before the war the potato comprised about 25 per cent. of the food of European and English-speaking people.

An authority told The Daily Mirror yesterday that this percentage among the belligerents is probably nearer 50 per cent. The potato is becoming of more vital importance daily.

"The potato is not only easily digestible, but possesses much higher nutritive value than is generally supposed," says Dr. J. H. Kellogg, one of the world's greatest authorities on food.

"One pound of baked potato is equivalent in total nutritive value to:

- 5 7-8 oz. of boiled beef.
- 1 lb. of chicken.
- 1 3-4 lbs. of cod fish.
- 8 eggs.
- 7 oz. bread.
- 1 pint boiled rice.
- 1 lb. green peas (cooked).

"The potato, buttermilk and oatmeal diet of the Irish has developed one of the most sturdy and enduring race of men.

"The proportion of centenarians in Ireland is more than ten times as great as in England."

FOR SALE—Cow for sale, Jersey grade, suitable for family use. Apply to J. W. Martindale, Meadlands.

FOR SALE.—Rubber-tired buggy, nearly new, in first-class condition. Can be seen at Patricia Bay, A. Cox.

THE OPERATOR

And the

TELEPHONE USER

WORK TOGETHER

Real, helpful, animate service is what the telephone operator gives. She is trained to her work, her every movement is made instinctively as the result of constant practice. Her efforts are always directed toward giving service; it becomes habit. To do otherwise she would have to derange her daily course of action.

With considerate co-operation on the part of the subscriber, telephone service should be well-nigh perfect.
